

BRING WELLNESS HOME

WHY COAST SPAS

OUR STORY

Coast Spas was established in 1997, building spas that supported one single retail store in British Columbia, Canada. The founders of Coast Spas, who owned the retail store for several years prior, were unhappy with the level of spa quality and options from their supplier and wanted to provide a superior hot tub. At the time there were very few options available for different spa brands, so they bought a factory and started building their own hot tubs. Since that time, Coast Spas has continued innovating and building better hot tubs that hold up to extreme Canadian temperatures. Coast Spas now has independent retail outlets around the world, numerous patents and a skilled team that know exactly how to build the World's Best Build Spas®.

OUR MISSION

Everyone deserves to enjoy the benefits that spas can bring to their lives. The team at Coast Spas endeavors to make the daily lives of their customers better. We are endlessly innovating and updating our product in the effort of making the very best spas available that are equipped with the latest technology and takes advantage of advances in the materials used to make our spas strong and last a lifetime.

YOUR WELLNESS

There are so many health and wellness benefits that a Coast Spa brings to your life. Spend more time outside in the fresh air and enjoy quality time with your friends and family. Your heart, mind and muscles all benefit from using a Coast Spa. Sleep better, feel better each and every day. Knowing that we make a positive impact for our customers is what keeps us motivated to continue delivering for current and future Coast Spa Owners.

WELCOME HOME WELLNESS

SPAS DESIGNED FOR WELLNESS

We are all about wellness. Our spas are built to deliver the very highest performing hydrotherapy machine tuned to maximize health and wellness benefits. Coast Spas are made with premium components, powerful massage pumps and intelligent controls. We have over 20 years of experience in hydrotherapy and health-focused design. If you are looking to get the best for your health, be sure to choose a Coast Spa.

WELLNESS BENEFITS

Owning a Coast Spas hot tub or swim spa has major health benefits. The impact of hot water hydrotherapy is a proven, effective method of naturally healing the body and mind. For centuries different cultures have embraced the wellness benefits of water and now it is available to you at anytime and right in your own backyard.

Reduces Chronic Pain

Aids in Digestion

Increase Mobility

Boost Cardiovascular Health

EXCLUSIVE FEATURES

HYDRO CYCLONIC FILTRATION SYSTEM

Closed pressurized filtration systems clean water better than traditional residential spa filter systems. They also prevent contaminants from re-entering the bathing area when your pumps are off. That's why resorts and hotels must use them in their hot tubs and pools, and why we only use them at Coast Spas, making us stand apart in our industry. In addition, our exclusive Hydro Cyclonic Filtration System has a patented design to cleanse your water 80% faster and 20% more efficiently than traditional systems.

SELF CLEANING SWEEPER JET

Automatically blasts debris from the bottom of your spa and into the filtration system. Sand and heavy elements get brought in on your feet and can stay at the bottom of your hot tub. Coast Spas Sweeper Jet cleans the bottom of your spa and moves debris to get captured by the spas filtration system.

EXCLUSIVE FEATURES

24" FUSION WATERFALL

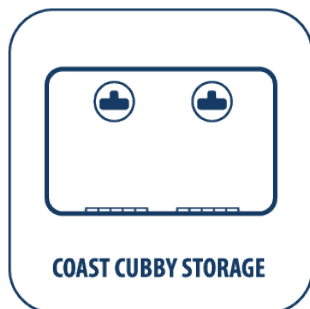

Take relaxing to a whole new level and feel the healing benefits of the world's largest hot tub waterfall. Our exclusive water feature stretches 2 feet across and is fully adjustable. With a seat directly underneath the waterfall you can sit with the water cascading over the back of your neck, shoulders and upper body. The soothing sound of running water and LED lights create an ambiance unlike anything else. Dissolve any built up stress at the end of each day.

AQUASOLE FOOT JET

Foot massage jets in the foot-well or in the floor of many of our models that provide gentle and rhythmic massage from the top of your toes, through the arch and to the bottom of your heels. Simply press your feet against these jets and let the gentle swirling water action work all the areas of you feet.

EXCLUSIVE FEATURES

COAST CUBBY STORAGE

The Coast Cubby (patent pending) is made of marine-grade materials and is perfect for storing items and keeping them warm and dry. Featuring a dedicated fan for warm ambient air circulation and an integrated interior light for night use.

WATERVAC SYSTEM

The Coast WaterVac™ System drains your spa water faster and easier than ever before. Simply open up your Coast Cubby, lift the bottom up to access the optional shrink hose, then turn on the water evacuation pump. This innovative feature will save you time and make refreshing your spa water an easy task.

EXCLUSIVE FEATURES

INFINITY EDGE DESIGN

We handcraft the world's only self-contained infinity edge spas. The infinity edge allows you to take in your surroundings to the fullest with no acrylic wall blocking your view.

Not only does an infinity edge eliminate the need for a filter grate and bobbing skimmers but it also prevents the water level from changing. No matter how many people are in the spa the water level will always remain the same. The infinity edge design acts as a large skimmer so that your spa water remains super clean and clear by removing debris quicker and more efficiently. A self-purging system automatically eliminates air-locks and the included water-level gauge makes it easy to keep the correct amount of water in the integrated reserve tank.

If you're looking for the most exclusive spa you'll want one with an infinity edge.

WELLNESS FEATURES

AROMATHERAPY

Our Aromatherapy - Fragrance Injection System adds a touch of fragrance to your spa. With just a push of a button create a soothing bouquet of exotic scents that will whisk you away to paradise. Not only ideal for relaxing, it can also help with other ailments and symptoms you may experience on a daily basis.

CHROMATHERAPY

With Coast Spas' LED Lighting Systems, chromatherapy is taken to a whole new level. Let colored light align the energy you need to balance your mind and body or set the mood for a night of socializing or relaxation. Illuminate your spa to match your mood or desired atmosphere.

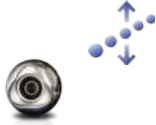

SUPERIOR HYDROTHERAPY

TRILLIUM STAINLESS STEEL MASSAGE JETS

Our powerful trillium stainless steel massage jets are designed with your wellness in mind. You can get a full body massage in all of our hot tubs and swim spas. Jets are placed in specific positions to ensure they provide maximum relief to all different areas of the body.

Our hydrotherapy jets are designed to provide a full body massage so you can improve your overall health in the comfort of your home. Inspired by traditional and modern styles of massage, our spas are built to reduce your everyday aches and pains while reducing stress.

SHELL & CABINET OPTIONS

PREMIUM ACRYLIC SHELLS

Almost everything on a hot tub can be repaired or replaced, except for the shell. That's why our shells are the toughest and most durable available. Like a snowflake no two shells are alike, making your spa one-of-a-kind. Our large collection of shell color options make it easy to choose a color that suits your backyard.

Snow White

Wispy Blue

Sterling Marble

Tuscan Sun

Smokey Mountain

Midnight Canyon

ALL-WEATHER WOODGRAIN CABINETS

Our All-Weather Woodgrain Cabinets are inspired by nature and quality tested to ensure they can last a lifetime in any environment. Available in 3 colors that will fit into any backyard; Charcoal, Driftwood and Walnut. All designed with ultra realistic woodgrain patterns, textures and colors.

TRADITIONAL COLLECTION

TIMELESS DESIGN WITH A MODERN LOOK

Our Traditional Collection refines the ever-popular and timeless flat-top design with soft, flowing lines that accentuate the comfort derived from our ergonomic seating and pulsing jet patterns.

Plush headrests, easy-touch controls, beverage holders and other features are smoothly integrated by recessing them into the fiberglass reinforced shell. This results in a sleek, modern elegance tough enough to withstand the most demanding environments.

Omega Bench

SWIM COLLECTION

JUST KEEP SWIMMING

You'll experience the realistic feel and benefits of open-water swimming with perfect conditions every time with the Swim Collection delivering consistent ocean-like buoyancy and just-right resistance.

Put more style, fun and fitness options in your swim routine with one of the collection's Wellness Spa models. Added features such as detachable row bars and exercise bands will help round out your workout with added strength, toning and mobility moves. Additional therapeutic massage jets will help tired or tense muscles so you feel reinvigorated after exercise or allow you to relax comfortably at any time. Finally, choose a model with our unique infinity edge so you can swim toward a scenic view and gain a new relaxing perspective on happiness.

Please note that Swim Spa availability has been impacted by worldwide supply shortages. Please talk to your local retailer for more information.
