Coast Swim Spas

Health and Wellness with Every Swim

Welcome to the World of Coast Spas Swim Spas

Embark on a journey of health and wellness with Coast Spas Swim Spas. For nearly three decades, Coast Spas has been at the forefront of crafting world-class swim spas, combining innovative design with maximum performance and health and wellness benefits in mind for the end user.

Our Canadian roots and international network of authorized dealers reflect our commitment to world-class quality, bringing the best health & wellness and fitness model features in the Swim Spa Industry to over 50 countries worldwide.

Discover Coast Spas' exclusive range of swim spas, each meticulously designed to suit your lifestyle, whether you seek a serene oasis for relaxation, a delightful area for family fun or a dynamic space for fitness and exercise. From our patented infinity-edge design to our robust Atlas Grill System, each product is a testament to our dedication and excellence in innovation.

Fully Customizable Swim Spa: We understand that each individual's needs are unique. That's why our swim spas come with various customizable features and options, allowing you to tailor your swim spa experience to your specific lifestyle, health, and wellness preferences and requirements.

Maximum Benefits with Ultimate Performance: Dive into a world where power meets precision, featuring state-of-the-art hydrodynamic flows and adjustable jet streams for the ultimate swimming, training, and relaxation environment, perfect for the beginner or expert swimmers. While also ensuring cost-savings our swim spas are engineered for energy efficiency, ensuring that every swim is both invigorating and economical.

Innovative Design: Coast Spas Swim Spas are not just about functionality; they are a symbol of modern luxury and aesthetic appeal. Each swim spa is manufactured with high-quality materials and cutting-edge technology, ensuring durability, energy efficiency, and ease of maintenance.

As you turn the pages, let your imagination dive into the possibilities that await with a Coast Spas Swim Spa. Whether it's transforming your backyard into a personal wellness retreat or enhancing your fitness regimen, our swim spas are more than just a purchase—they are an investment in a lifetime of health, joy, and unforgettable memories.

Health and Wellness with Every Swim

Who enjoys Coast Spas Swim Spas?

Health and Wellness Devotees are frequent users of Coast Spas Swim Spas since they value and prioritize the health and wellness benefits that they receive using innovative hydrotherapy jets. Coast Spas Swim Spas offers a convenient and accessible means to engage in a wide range of aquatic exercises from low-impact to high-impact body mobility which provide overall several health and wellness benefits.

Health and Wellness Devotees also enjoy the dual use of Coast Spas Swim Spas for hot water relaxation and cold water therapy, both of which have numerous wellness benefits. Additionally, the therapeutic massage jets are perfect for muscle recovery, stress reduction, and improving circulation, all of which are important to those who prioritize their health and well-being.

Fitness Enthusiasts are avid users of Coast Spas Swim Spas because of the versatility it brings, combining high-intensity workouts with low-impact recovery in one compact solution. Offering adjustable currents for various swim training levels and hydrotherapy jets for post-workout muscle recovery, they provide a comprehensive fitness and relaxation experience. Ideal for a well-rounded fitness routine, Coast Spas Swim Spas cater to all aspects of athletic training and recovery.

Fitness Enthusiasts enjoy the experience of extended swim areas, versatile workout options, and soothing hydrotherapy massage seats that Coast Spas Swim Spas offer. Every swim enhances their routine with powerful resistance jets in our Sport Series or the dynamic variability of the Sport Pro Series.

8 Advantages of Swim Spas over In-Ground Pools

- 1. Energy Efficiency:** The heating system in a Swim Spa is guaranteed more energy-efficient as compared to heating a larger in-ground pool. This efficiency, combined with the water's smaller volume, means that the cost of heating a swim spa during colder months is typically lower than the cost of heating an in-ground pool to a comfortable swimming temperature.
- 2. Aesthetic Appeal:** Swim Spas can significantly enhance the beauty and value of your property. They can be custom-designed to fit the landscape and your personal design preference.
- 3. Year-Round Use:** Especially significant in regions with cooler climates you can utilize your swim spas any time of the year.
- 4. Size and Depth:** In-ground pools are limited to a certain sized backyard since they are built much larger and deeper, costing a lot more than Swim Spas.
- 5. Heating Capability:** Swim Spas are equipped with heating systems that allow the water temperature to be easily adjusted. This means you can enjoy warm, comfortable swims even during the colder months, something that is often not feasible with in-ground pools unless they are specifically designed and equipped with an efficient heating system anywhere.
- 6. Indoor/Outdoor Installation Flexibility:** Swim Spas can be installed either indoors or outdoors. An indoor installation completely sidesteps the issue of seasonal weather changes, ensuring that you can use your Swim Spa all year round. This indoor and outdoor installation flexibility comes in handy if in case you want to move with your Swim Spa. It's fully portable and can be transported and used immediately in its new place and setting.
- 7. Social Space:** Swim Spas offer an intimate area for social gatherings, parties, and family fun, providing a spacious environment for a variety of pool games and activities.
- 8. Property Value:** A well-designed placement of the Swim Spas can increase the resale value of your home and make it more attractive to potential buyers.

20 REASONS WHY COAST

Hydrotherapy Benefits

Coast Spas Swim Spas offer superior hydrotherapy benefits for muscle relaxation and joint pain relief.

Personalized Experience

Coast Spas Swim Spas cater to a wide range of needs and preferences, offering adjustable currents for rigorous training, therapeutic waters for relaxation and recovery, and versatile pool alternatives for family entertainment and exercise.

Superior Filtration System

Coast Spas Swim Spas come with advanced filtration system called Hydrocyclonic Filtration System for a faster, clean and safe water.

Stress Relief

The several massage systems of a Coast Spas Swim Spa cans help alleviate stress and anxiety.

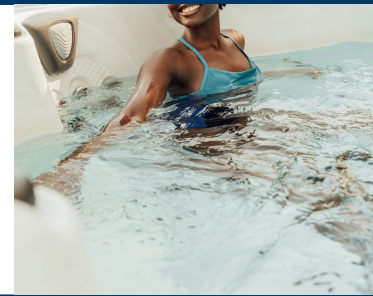

Relaxation

Using several world-class hydrotherapy jets on the Coast Spas Swim Spas you can get the ultimate relaxation experience in your backyard.

Pain Relief

Hydrotherapy used in the Coast Spas Swim Spas can help alleviate pain and muscle inflammation around the body.

Muscle Recovery

With the use of various exercise options and hydrotherapy jets, your body's muscle will reduce the inflammation and you can go about your usual daily routine with ease.

Improved Sleep

The calming environment of the Coast Spas Swim Spas and the several hydrotherapy benefits will help improve your sleep with continuous use.

Year-Round Use

Coast Spas Swim Spas provide the ability to swim year-round, regardless of the weather, fit for any activity all year round.

Increased Home Value

Coast Spas Swim Spas are built with high-quality materials and energy-efficient components, making them a worthwhile investment that can increase the value of a home.

SPAS SWIM SPAS

Personal Retreat

Coast Spas Swim Spas offer a peaceful and relaxing retreat at home to escape from the stresses of daily life.

Maximum Swim Performance

Coast Spas Swim Spas are engineered for maximum swim performance, merging elite training with the ultimate aquatic experience.

Family Fun

Coast Spas Swim Spas are family friendly, fit for any activity you'd like to do with your loved ones right in the comfort of your own home.

Improved Mood

Coast Spas Swim Spas offer a calming and relaxing experience that can help improve mood and overall well-being.

Health & Wellness

Coast Spas Swim Spas are designed to promote physical and mental wellness through hydrotherapy, aromatherapy, and other features.

Wide Range Aquatic Exercises

You can choose up to 10 different aquatic exercises using the wide range of accessories and upgrades that will provide that maximum swimming experience.

Entertainment

Coast Spas Swim Spas offer a huge space for entertainment for the family where kids can enjoy several fun activities with their toys and friends.

Weight Loss

Coast Spas Swim Spas can help support a weight loss program by boosting metabolism and burning calories with the use of various swim exercises.

Improved Immune System

The warm water and relaxing atmosphere of Coast Spas Swim Spas can help reduce stress and promote relaxation, which can improve the immune system.

Improved Flexibility

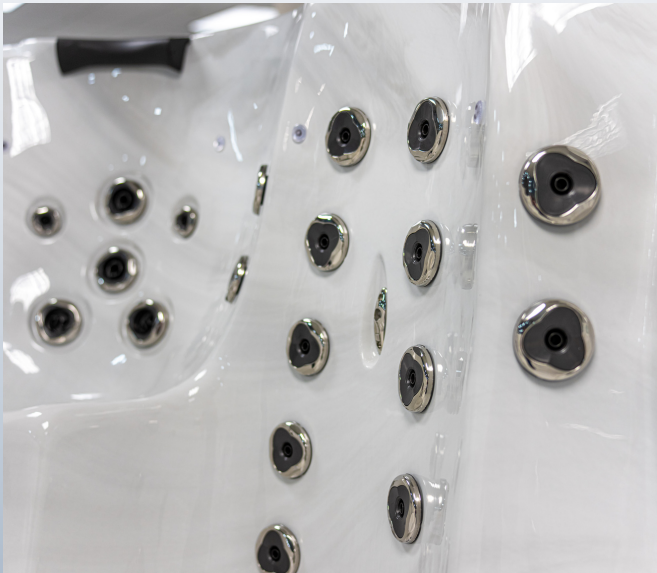

Coast Spas Swim Spas hydrotherapy jets are designed to soothe your muscles for improved flexibility and provide you with a rejuvenating soak.

EXCLUSIVE HEALTH & WELLNESS FEATURES

ATLAS GRILLS

The Coast Spas Atlas Swim Grill features advanced River Swim Jets and a unique grill design, offering a steady and strong current for an enhanced swimming experience. It allows swimmers to personalize the flow direction, catering to various swimming intensities and ensuring an unmatched swim every time. The Coast Spas Atlas Swim Grill represents the pinnacle of swim spa technology, catering to the preferences of every swimmer and guaranteeing an unmatched swim every time.

MASSAGE THERAPY ZONE

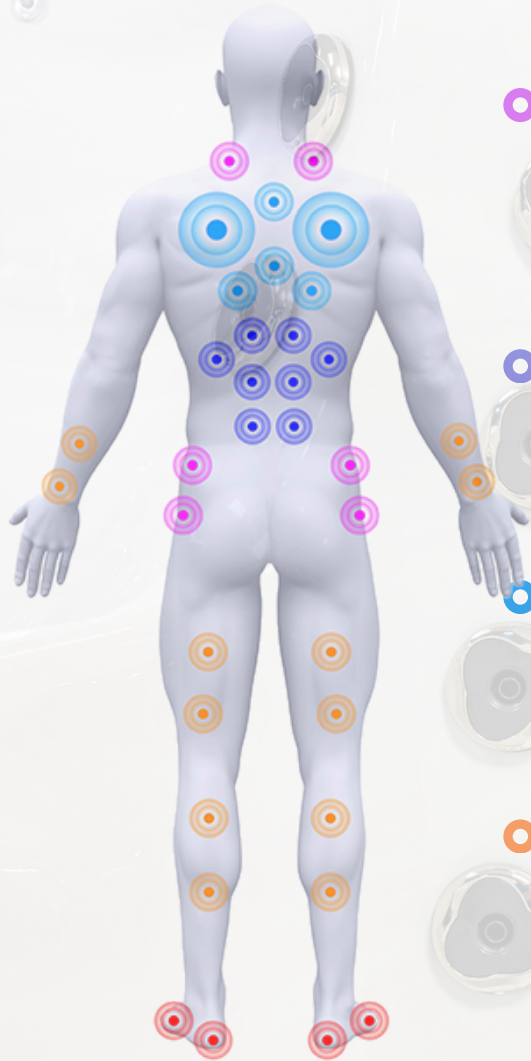

Our standup massage therapy zone, complete with state-of-the-art cluster jets, is engineered for hydrotherapy from head to toe, targeting all the proper massage therapy spots in between. It provides a powerful and focused stream of water for a deep tissue massage experience that is both soothing and therapeutic. This feature is perfect for those seeking relief from muscle tension, joint pain, or simply looking to relax after a strenuous workout, offering comprehensive hydrotherapy benefits.

INFINITY EDGE

The Infinity Edge feature on Coast Spas Swim Spas offers swimmers a sensation of limitless space, mimicking the feel of swimming in a lake or river by removing the traditional boundary of an acrylic wall. This open environment enhances the swimming experience, providing the freedom necessary for various swimming activities, from leisurely swims to rigorous training, closely resembling natural open waters. The Infinity Edge offers an unparalleled swimming experience that closely mimics the natural, open waters, enhancing both your enjoyment and performance.

BENEFITS OF THE STAND UP THERAPY ZONE

Acupressure

Inspired by traditional Chinese holistic massage therapy where the neck area is closely related to the hips. Our neck and hip jets massage inflammation and tension away.

Trigger Point Therapy

Influenced by techniques of trigger point massage therapy provides the ultimate upper back massage that will melt away any tension.

Shiatsu Massage

Experience the ultimate relaxation with our hydrotherapy swim spas that features tiny massage nodules designed to create a cloud-like sensation as the jets melt away muscle tension.

Swedish Massage

Stimulating circulation to the legs and arms by jetted water imitates the kneading movements, friction and vibration that is given through a classic Swedish massage.

Introducing Coast Spas Swim Spas Collections

Make more memories at home each and every day. The **Recreation Collection** features swim spas created to provide the perfect environment to entertain and spend quality time with friends and family. Enjoy your favorite water games, teach your little ones to swim, perform exercises or just watch the sunrise or sunset in pristine water right in your backyard.

Get serious about health and fitness with our premium **Performance Collection** Swim Spas. Each Swim Spa features an extended swim and workout area, connections for row bars and resistance bands, recovery seats with powerful hydrotherapy levitator jets and much more. Take your fitness routine to the next level with the Coast Swim Spa Performance Collection.

BENEFITS OF HYDROTHERAPY

PAIN RELIEF

Hydrotherapy is effective in reducing pain from conditions like arthritis, fibromyalgia, and back pain by reducing pressure on joints and muscles and improving circulation.

IMPROVED CIRCULATION

The warm water increases blood flow, which can help in healing injured tissues and improving cardiovascular health.

REDUCED STRESS

The soothing effect of warm water helps in reducing stress and anxiety, promoting relaxation and improving mental health.

IMPROVED SLEEP

The relaxation effects can lead to better sleep patterns and help in treating insomnia.

IMMUNE SYSTEM BOOST

The stimulation of blood flow and lymphatic system during hydrotherapy can enhance the immune system.

WEIGHT LOSS & FITNESS

The stimulation of blood flow and lymphatic system during hydrotherapy can enhance the immune system.

PERFORMANCE COLLECTION

PINNACLE OF MAXIMUM SWIM PERFORMANCE

Coast Spas Performance Collection is designed for maximum swim performance, emphasizing health and wellness. It delivers an optimal blend of rigorous exercise capabilities and therapeutic hydrotherapy, catering to individuals seeking to enhance their fitness and relaxation in the water.

1. COAST TEMPERATURE PRO

The most energy-efficient and cost-effective way to heat or cool the water of your Swim Spa, leaving you free to enjoy time with family and friends or to use it for numerous health and wellness benefits. Coast Temperature Pro offers world-class quiet, accelerated heating or cooling of the spa water with lower, sustained costs and guaranteed excellence. An experience you won't find anywhere else.

2. ADVANCE SWIM JET TECHNOLOGY

Patented Atlas Grill System

The Atlas Grill System in Coast Spas Swim Spas offers an adjustable current for customized workouts, catering to all skill levels and enhancing the spa's functionality and design for an unparalleled aquatic exercise experience.

3. INTUITIVE SPA CONTROLS

Marvel of convenience, featuring a 1.8" color LCD display enhanced with a panel backlight using white LED for clear visibility in any lighting condition. Navigation is a breeze with an interface designed for easy menu access, and with Wi-Fi capability on the NEO 2100 model, connectivity and control have never been more straightforward.

4. DURABLE SHELL DESIGN

Engineered for longevity, our swim spas feature a high-grade acrylic shell, reinforced with multiple layers for unmatched strength and resistance against wear and tear. This meticulous construction process ensures that your swim spa withstands the elements and the test of time, maintaining its beauty and functionality through years of use.

5. SMARTFLOW TECHNOLOGY W/ LEVITATOR JETS

Coast Spas Swim Spas are equipped with innovative levitator jets strategically positioned to target the lower half of the body, which naturally tends to sink. These jets provide upward thrust, ensuring swimmers remain buoyant and maintain proper alignment. This technology simplifies swimming by reducing the effort required to stay afloat, enhancing the overall swim experience and making it more enjoyable and effective for users of all skill levels.

ELEVATE YOUR WELLNESS GAME WITH MAXIMUM LEVEL SWIMMING PERFORMANCE

Open Water Swimming

Coast Spas Swim Spas features the patented Infinity Edge technology that offers an unparalleled exercise experience by generating a current for swimmers to work against, closely mimicking open water swimming. This unique design not only enhances fitness and rehabilitation efforts but also provides the sensation of limitless swimming, thanks to the Infinity Edge that eliminates traditional boundaries

Water Resistance Rowing

Enhance muscle strength with water resistance rowing by attaching the metal row bars. Sit on the second step, lean slightly forward at the waist while keeping your back flat, then draw the handles towards your abs, leaning back until your torso is perpendicular to the floor. Gradually return to the starting position and repeat. This exercise effectively boosts upper body strength through the natural resistance of water.

Fully Jetted Resistance Swimming

For full body workout, attach the resistance band to the swim tether and on to your lower half torso. Make sure Pumps 3 and 4 are open so you utilize the maximum power of the jets. You will feel the tension on all the muscles in your body while you swim. This form of exercise increases your full body strength especially your body's core muscles.

Unassisted Resistance Training

For low-impact resistance training, attach the resistance bands with the handle on any side of the spa you wish to perform the exercise. You can perform lateral exercises with full upper body movement. This exercise is perfect for health & wellness enthusiasts who want to elevate their mobility on a daily basis.

COAST SPAS HYBRID TRAINING SYSTEMS

WATER'S NATURAL RESISTANCE ENHANCES EVERY MOVEMENT

Coast Spas Swim Spas harness water's built-in resistance to offer an unparalleled exercise experience, blending the natural challenge of water with the convenience of at-home fitness. This unique feature enhances strength, endurance, and overall wellness, making swim spas a holistic solution for anyone looking to improve their health.

1. LOW TO MODERATE IMPACT EXERCISES

Low to moderate aquatic exercises in the Coast Spas Swim Spas provide a dual benefit of strengthening muscles and boosting cardio fitness, offering a high-intensity workout that's easy on the body. This gentle yet effective approach makes it ideal for all fitness levels, promoting health and wellness through water's natural resistance

2. DRAG RESISTANCE TRAINING

Coast Spas Swim Spas harness water's built-in resistance to offer an unparalleled exercise experience, blending the natural challenge of water with the convenience of at-home fitness. This unique feature enhances strength, endurance, and overall wellness, making swim spas a holistic solution for anyone looking to improve their health.

3. HYDROTHERAPY ZONE RELAXATION

The Hydrotherapy Zone in a Coast Spas Swim Spa is a sanctuary of healing and relaxation, meticulously designed to offer therapeutic benefits through the power of water. This dedicated area combines the soothing warmth of the spa water with strategically placed jets that target key areas of the body, offering a massage-like experience that can alleviate muscle tension, reduce stress, and improve circulation. Each jet is engineered to deliver precise pressure, mimicking the hands of a skilled masseuse, providing relief and relaxation to tired muscles and joints.

HEALTH & WELLNESS WITH EVERY SWIM

25 -DAY HEALTH AND WELLNESS CHALLENGE

Immerse yourself in a transformative fitness journey with the Coast Spas Swim Spas comprehensive 30-day challenge is designed to harness the unique properties of water for an exercise experience that's as beneficial as it is enjoyable.

From getting accustomed to water fitness, through building endurance with varied aquatic exercises, to mastering advanced techniques and celebrating your achievements, each phase of the challenge meticulously combines swimming, aqua jogging, resistance training, and hydrotherapy.

Day 1-5: Introduction to Fitness

Day 1: Familiarize yourself with your swim spa, focusing on comfortable, gentle swimming to ease into the challenge.

Day 2: 15 minutes of aqua jogging to introduce low-impact cardio.

Day 3: Utilize the swim spa's resistance jets for a 20-minute low-intensity workout, focusing on arm strokes and leg kicks.

Day 4: Enjoy the hydrotherapy seats for muscle relaxation.

Day 5: Perform aquatic yoga and stretching exercises for flexibility.

Day 6-10: Building Endurance

Day 6: Alternating fast and slow swimming intervals for 20 minutes.

Day 7: Use the natural resistance of water to engage your core with exercises like aquatic planks and twists.

Day 8: Follow a 30-minute aqua aerobics routine.

Day 9: Focus on gentle stretching in the swim spa.

Day 10: Increase your swim time to 30 minutes at a steady pace.

Day 11-15: Increasing Intensity

Day 11: 20 minutes of high-intensity exercises followed by short rest periods.

Day 12: Focused exercises on strengthening legs using the swim spa's resistance.

Day 13: Using water weights or the natural resistance of water for arm exercises.

Day 14: Hydrotherapy and relaxation.

Day 15: Combining swimming, jogging, and resistance exercises for a 45-minute session.

Day 16-20: Advanced Techniques

Day 16: Practice different swimming strokes for variety and challenge.

Day 17: Incorporate Pilates exercises adapted for water to enhance core strength and flexibility.

Day 18: Use resistance bands or water weights for a full-body workout.

Day 19: Leisure swimming and relaxation.

Day 20: Create a circuit that includes swimming, jogging, and specific muscle group exercises.

Day 21-25: Mastery and Maintenance

Day 21: Focus on improving speed and efficiency in your swimming strokes.

Day 22: A fun, dance-based workout in water for cardio and toning.

Day 23: Perform exercises that challenge your balance and coordination in the water.

Day 24: Reflect on your progress and set new goals.

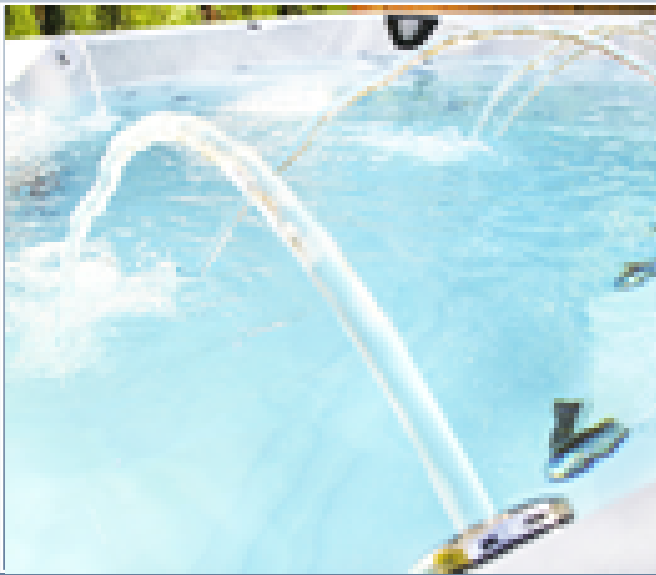

Day 25: Challenge yourself with a longer distance swim at a consistent pace.

EXCLUSIVE HEALTH & WELLNESS FEATURES

24" WATERFALL

The Coast Spas Swim Spas feature a stunning 24" waterfall, a highlight that combines both visual and auditory tranquility to your spa experience. This impressive water feature creates a serene environment, cascading gently to mimic the natural sound of a flowing stream, promoting relaxation and calm. Designed to seamlessly integrate with the spa's overall aesthetics, the waterfall not only adds a touch of elegance but also enhances the therapeutic benefits, making every soak a luxurious escape.

LAMINAR WATER ROPE

The Coast Spas Laminar Water Ropes enhance your spa experience by merging the tranquil sound of cascading water with a visually stunning aesthetic. This feature not only elevates the ambiance with its serene acoustic backdrop but also adds an element of refined elegance to the spa's profile, creating a captivating focal point that soothes both the mind and the senses.

RIVER JETS

The Swim Spa River Jets, each powered by a robust 4HP (6BHP) HyperFlow Jet Pump, offer an unparalleled swimming experience with up to 3 River Jets delivering a total of 12 HP (18 BHP) in our Performance Plus Swim Spa Package. These jets are not only brightly lit to guide your swim but also feature adjustable water flow direction, ensuring a tailored swimming experience that perfectly matches your style. This customization allows for an optimal swim, whether you're training seriously or swimming for leisure.

EXCLUSIVE HEALTH & WELLNESS FEATURES

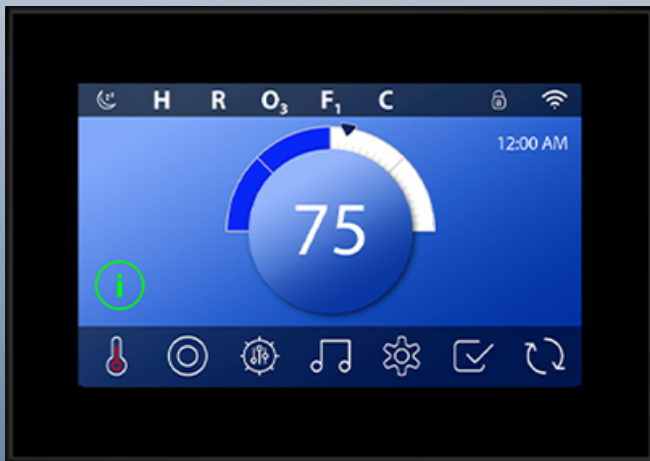

HYDROCYCLONIC FILTRATION SYSTEM

This system comes with the largest filter available in any Swim Spa. Coast Spas is the only spa company in the world that can accept a 175 sq. ft. filter in any Swim Spa. In North America it is law for any commercial establishment to have a closed pressurized filtration system on any public pool or Swim Spa. Not only is it more efficient and faster than a skim filtration system but it also removes the dirty filter canisters from the bathing area.

XL TOUCHSCREEN CONTROLS

This easy-to-use control panel features a large multilingual color LCD interface with intuitive icons and animations. There are no buttons to press, just touch the feature you want to control on the touch sensitive screen. Easily program filtration cycles and set your temperature. Your control panel will also warn you of any issues. If the Swim Spas is too hot or the heater is not getting enough water, your control panel will alert you immediately.

LARGEST SKIMMER

Coast Spas sets the industry standard with the largest skimmer available, ensuring unparalleled efficiency in removing surface debris from our Spas. This advanced feature significantly contributes to maintaining crystal-clear water and minimizing foaming, enhancing the overall spa experience by keeping the water pristine and inviting. Our commitment to superior design and functionality ensures that every soak is a luxurious escape into tranquility. Available in models with Vanishing Edge.

HYDRO CYCLONIC FILTRATION[®] SYSTEM

OVERLOOKING FILTRATION CAN BE HARMFUL

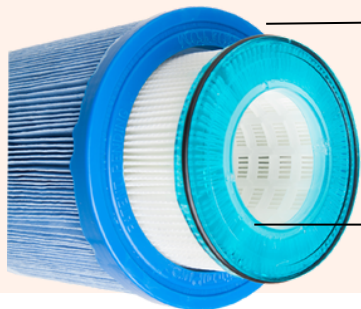

If not properly maintained Swim Spa can be a breeding ground for bacteria and other harmful micro-organisms. Filtration helps to keep the water clean by removing debris, such as dirt and leaves, as well as microscopic particles, such as bacteria and viruses. Get the most efficient Commercial Grade Filtration System exclusively in Coast Spas Swim Spas.

1 INNER DUAL CORE FILTER

Coast Spas uses a Dual Filter set up which acts as a dual protection when filtering the debris from your crystal clear water, only in Coast Spas!

2 OUTER DUAL CORE FILTER

Dual Core Filter inside and outside is the biggest filter in the industry which is 83% faster and 20% more efficient than skim filtration.

OUTER FILTER

INNER FILTER

Two layers of filtration **distributes the dirt on two layers of the filters cartridge** as opposed to clogging up only one.

HOLDS **20% MORE DIRT**

DUAL LAYER FILTER **LAST LONGER**

3 MONSTER SIZE SKIMMER

Coast Spas Monster Size Skimmer removes floating physical debris from the water, such as leaves and insects.

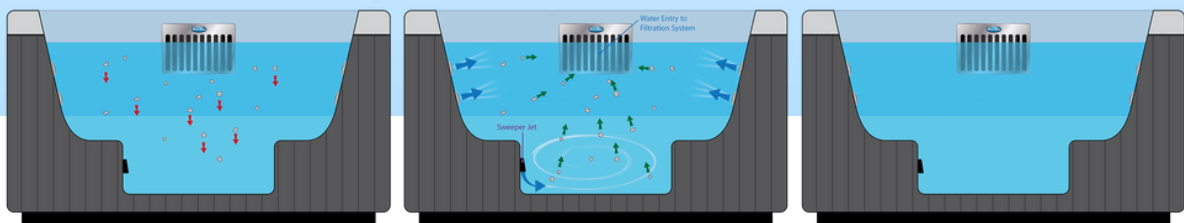

4 SWEEPER JET

The sweeper jet blows all the particles resting on the floor of your spa up and into the moving water to then the entire filtration process.

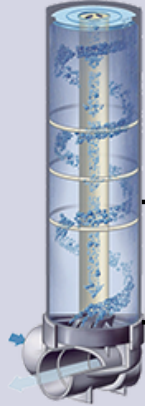

» Sweeper Jet pushes debris to Skimmer and Skimmer pushes it to **Coast Spas Exclusive Hydro Cyclonic Filtration** »

Filter pushes out fresh and clean water

Indulge in the ultimate Swim Spa experience with Coast Spas unique hydro cyclonic filtration system - enjoy crystal-clear water that's free from debris, maintenance friendly and energy efficient, giving you peace of mind and the clean water you deserve. We prioritize low maintenance costs and pure water. Our technology extends water life, saving on chemicals and energy needed to drain and refill the Swim Spa, so you can relax and enjoy without worrying about upkeep

Coast Spas Filtration Chamber

Water going to the top of the filter passing through the Dual-Core Filter

Cyclonic Blades Pushing water up side to utilize the maximum filter cartridge and filter more water

5

SEPARATE CANISTER WITH CYCLONIC BLADES

Cyclonic blades push the water further up into the filter for maximum coverage and more efficient cleaning.

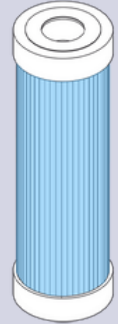

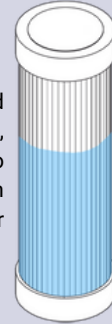

Only Half of the Filter utilized in other brands system, whereas, Coast Spas Hydro Cyclonic Filtration System utilize the whole filter providing better purification.

Water Care Chemicals for Canada

Sanitize

Keep your swim spa water clean and hygienic with Sanitize, the highly effective dichloride-based sanitizer recommended by some swim spa manufacturers and maintain a chlorine level of 3-5 ppm to control bacteria and algae

Shock

Revitalize your swim spa water with Shock, the nonhalogenated oxidizing agent that eliminates nitrous waste buildup, reducing the need for excessive disinfectant use.

pH Up

Ensure optimal swim spa water balance with pH Up, which raises pH levels to the recommended range of 7.2 - 7.8 for a refreshing and relaxing swim spa experience.

pH Down

Maintain optimal pH levels in your swim spa with pH Down, keeping it within the recommended range of 7.2 - 7.8.

Brominating Tablets

Keep your swim spa sparkling clean and healthy with our easy-to-use Brominating tabs, which can be dispensed through an adjustable floating feeder to maintain the optimal level of 3-5 ppm bromine.

Calcium Booster

Maintain optimal calcium hardness levels with Cal to ensure the longevity and efficiency of your swim spa.

EZ-Brom

With Ez-Brom, you can achieve instant and hassle-free sanitization of your pool or swim spa by adding it directly to the water while the circulation system runs and maintains a residual level of 3-5 ppm with daily testing.

Harmonize

Enjoy a premium swim spa experience with Harmonize, the specially blended product that removes impurities, clarifies water, and leaves your skin feeling soft and silky, without increasing pH.

Mini Pucks

Keep your swim spa water clean and clear for days with Mini Pucks slow release and stabilized chlorine formula, easily dispensed through a floating feeder or skimmer basket.

Filter Free

Achieve a deeper clean for your cartridge filters with Filter Free, as it effectively removes oils, dirt, and scale when mixed with water, just remember to thoroughly rinse the filter after use.

Clean

Experience a powerful and efficient clean with our low-sudsing formula that effectively removes dirt and stubborn calcium spots.

Stain & Scale

Protect your heater and prevent scale buildup with Stain & Scale, the eco-friendly weekly solution that contains no phosphates.

Wipe Out

Enjoy a healthier and more comfortable swim spa experience with our product that quickly reduces chlorine and bromine levels in your swim spa water.

Scum Free

Keep your swim spa sparkling clean and clear with Scum Free, the enzyme-based solution that eliminates oils and biofilm, improves water quality, and extends the time between draining cycles.

Clear

Experience crystal clear swim spa water with Super Clarifier, the weekly treatment that eliminates oils and cloudy particles while remaining eco-conscious with its chitosan-based formula.

Defoamer

Say goodbye to unwanted swim spa foam with Defoamer – a reliable and gentle solution that tackles foaming caused by a range of factors, from water imbalances to personal care product residue.

Alkalinity Booster

Keep your swim spa water in perfect balance with Alkalinity Booster, which ensures total alkalinity levels stay between 100 - 130 ppm for a clean and enjoyable soak experience.

Cover Care

Protect and revitalize your swim spa cover from the damaging effects of the sun with Cover Care - the all-in-one solution that restores and cleans for a longer lasting, healthier swim spa cover experience.

Shine

Protect your swim spa and keep it looking new with our silicone-based sealer, polish, and cleaner that defends against chemicals, temperature changes, and sunlight; simply apply as needed.

Spa Soft Supreme

Experience crystal clear water with reduced skin and eye irritation using Spa Soft Supreme, a compatible water conditioner and enhancer for all types of algaeacids and sanitizers.

Whirlpool & Tub Rinse

Ensure the longevity and efficiency of your swim spa with our powerful cleaning and degreasing solution, designed to tackle tough build-up, and maintain your equipment with ease.

Bromine Kit

Chlorine Kit

Water Care Chemicals for USA

Chlorine

Keep your swim spas water clean and hygienic with Chlorine, the highly effective dichloride-based sanitizer recommended by some swim spas manufacturers and maintain a chlorine level of 3-5 ppm to control bacteria and algae

Spa Shock

Revitalize your swim spas water with Spa Shock, the nonhalogenated oxidizing agent that eliminates nitrous waste buildup, reducing the need for excessive disinfectant use.

pH Up

TOPSIDE CONTROLS

4A. SPATOUCH 4

Featuring intuitive touch screen controls for seamless operation and customization of your spa settings. Effortlessly integrates with smart devices, offering unparalleled convenience and control, ensuring your spa is ready whenever you are.

(Available for Recreation Collection & Sport models)

4B. NEO 2100

Designed with advanced spa control system that offers over 300 customizable configurations and incorporates an Electronic Thermal Sensing (ETS) system for precise temperature control. It is versatile with 240V-120V convertibility, supports multiple languages, includes a Wi-Fi option for the 2100 model, and is compatible with various topside panels, ensuring a tailored and intuitive spa management experience.

(Available for Sport pro models only)

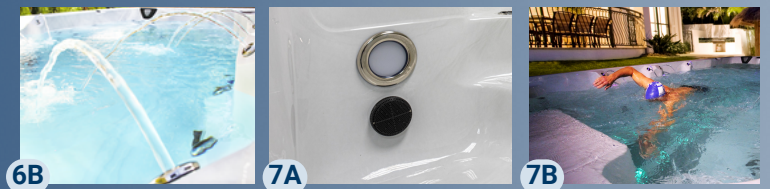

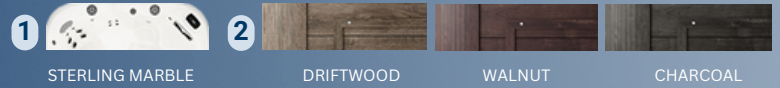

AIR FLOW CONTROLS

5A. EXTREME XL WATER DIVERTERS

Divert the flow of water to specific seats in your Spa to experience maximum hydrotherapy. LED lit (with and installed lighting package) and easy to both grip and turn with it's unique large shape.

5B. AIR CONTROLS

Designed for a customized massage hydrotherapy experience, this allows air to mix with the water being supplied to your massage jets. Rotate the controls to customize the amount of air introduced into the spa jets.

WATER FEATURES

6A. DUAL 24" FUSION WATERFALL

Designed to offer a fully adjustable stream of warm water for a soothing experience, directly targeting the neck, shoulders, and upper body to alleviate stress.

6B. LAMINAR WATER ROPES

Designed to enhance your spa experience this visually stunning element to the spa's profile, elevates the aesthetic appeal. This feature combines auditory tranquility with visual elegance.

LIGHTING FEATURES

7A. 7" SS LIGHT DOME

Designed with durability and style combined with our all-weather, synthetic woodgrain finish

7B. MULTI-COLOR LIGHT

Designed with durability and style combined with our all-weather, synthetic woodgrain finish now complemented by sleek carbon fiber corners.

COAST SPAS SWIM SPAS STANDARD FEATURES

PURIFICATION FEATURES

8A. O3ONE OZONE

O3One Ultrao3ne system delivers an abundance of O3 to rapidly breakdown particles at the time of contact.

8B. CRYSTAL CLEAR PURIFICATION CHAMBER™

The Crystal Clear Purification Chamber® gives ozone a longer period of time to penetrate organic materials while in their energetic state (before converting back to oxygen) thus drastically increasing its efficiency.

8C. HYDROCYCLONIC FILTRATION SYSTEM

The advanced filtration system outperforms traditional skim filters by 83% in speed and 20% in efficiency, boasting the spa industry's largest filter at 175 sq.ft. It ensures that dirty filters do not contaminate spa water and prevents captured contaminants from re-entering, providing unparalleled water purity. See page for more details.

INSULATION FEATURES

9. FOAM CORE INSULATION

This foam package practically fills the space between the inside of the cabinet to the inside wall of the spa acrylic. For the ultimate insulation choose the Full Foam insulation option

EXERCISE EQUIPMENT

10A. EXERCISE BANDS & ROW BARS

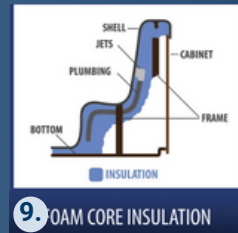

High quality metal row-bars allow you to execute a core-stimulating rowing experience. This includes resistance bands clip to multiple points around the Coast Spas Swim Spa allowing for a variety of exercises from low impact to intense cardio.

10B. SWIM TETHER

Designed to allow you to swim in place with or without the river functioning. Helps to keep the swimmer in the center of the swim lane.

11. SWIM TETHER ANCHOR PLATE

Secures all the exercise equipment in place for a maximize swim experience.

COAST SPAS SWIM SPAS OPTIONAL UPGRADES

12. ECOCLEAN UV STERILIZER WITH OZONE SYSTEM

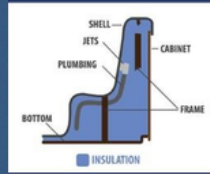

Ecoclean™ UV Sterilizer which uses ultraviolet light that is calibrated to a specific light spectrum to effectively eradicate 99.9 percent of all bacteria that is exposed to it. UV sterilization systems have long been used for purifying drinking water and now it's sterilization prowess can be used to effectively purify your Spa water. Includes Crystal Clear Purification Chamber®

13. REFRESH BUTTON

Coast Spas' exclusive Refresh Button feature allows for quick spa water cleaning before entry or after exiting, by initiating a filtration cycle with a simple push, ensuring the water is clean, filtered, and pristine. Conveniently installed on the spa's exterior, this feature enables starting the cleaning process even before the cover is removed, enhancing user convenience and water quality.

14. FULL FOAM INSULATION

The best insulation period. The entire cavity is filled with expanding urethane foam, giving the ultimate in heat retention and protection for internal components.

14. FULL FOAM INSULATION

15.

16.

15. WIFI REMOTE CONTROL

25.

18. CARBON FIBER WITH PHOTOCCELL LIGHTING

Designed to combine carbon fiber's durability with energy-efficient photocell lighting, offering a resilient and aesthetically pleasing solution. This innovative fusion provides automatic lighting that adapts to natural light levels, enhancing both indoor and outdoor environments.

22. SPA FROG

Spa Frog will gradually release chemicals into your spa to reduce spa maintenance. *Not available in Canada and only available in the USA.

19. COAST CUBBY™

The Coast Cubby™ storage is made of marine-grade materials and is perfect for storing items and keeping them warm and dry. Featuring a dedicated fan for warm ambient air circulation and an integrated interior light for night use.

23. AUXILLARY HEATER

Elevate your Swim Spa experience with the Coast Spas Auxiliary Heater, boasting a powerful 5-kilowatt capacity that ensures your spa reaches and maintains the perfect temperature swiftly, providing consistent, efficient heating.

20. COAST WATERVAC™

The Coast WaterVac™ System drains your swim spa faster and easier than ever before. Simply open your Coast Cubby, lift the bottom up to access the optional shrink hose, then turn on the water evacuation pump. This innovative feature will save you time and make refreshing your spa water an easy tank.

24. HEAT PUMP READY (WITH PACK UPGRADE)

Swim Spa will be plumbed to accept an external heat up (heat pump not included).

21. AROMATHERAPY

Coast Spas' Aromatherapy - Fragrance Injection System lets you choose add a scent to match your need: relaxation, pain management or a burst of energy. A simple push of a button releases a bouquet designed to further enhances your swim spa experience.

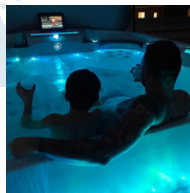

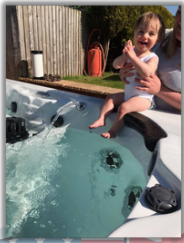

25. COAST TEMPERATURE PRO HEAT PUMP (CTP)

This user-friendly and top-side control integrated system that is reliable and durable that provides an efficient and cost-effective solution to heat and cool your Coast Spas Swim Spas.

Using our Energy Consumption Calculator for Swim Spas you will be able to see Energy Savings up to 5x more than your regular heater.
